Accidents kill three in DeKalb

DECATUR, Ga., Sept. 3 (AP)—Two high school boys were killed in one DeKalb County traffic crash today and a 37-year-old man in another. Seven others were hurt.

Harry Longenecker, 17, and Richard Vincent, 16, were sent hurtling to heir deaths in the wreck of a red pickup truck near Panthersville just inside the U.S. Penitentiary honor farm at 7:25 a.m. Five others, like the dead youths students at Southwest DeKalb High School, were injured.

Second Wreck

Later in the day, a three-vehicle smashup on the other side of the county, at the Buford Highway and Oakmont Ave. killed Royce H. Cofer of nearby Norcross, driver of one of the cars. Injured but apparently only slightly were James Lester Hudgins, 19 of Stonewall, driver of a second car and Juanita Jackson, 21, Rte. 2, College Park. The driver of the third vehicle, a tractor-trailer truck, escaped injury.

Doraville Police Lt. J. L. Allen said Don Kenneth Lawson, 29, also of Norcross, driver of the truck, swerved to the left as Hudgins started to pass. Hudgins, the officer added, sideswiped the truck and Cofer, apparently following close behind, plunged into the big vehicle.

Eye Witness

DeKalb County officers quoted survivors of the Panthersville crash as saying they had gone early to the school and finding nobody there decided to take a drive. Mrs. Harry Weissman, wife of the manager of the honor farm, said she heard an "unearthly screeching," looked from her kitchen window and saw the truck heading for a utility pole.

She saw it flip over once, land on a fender and flip over twice more "like a cat playing with a string." There were "children flying in all direction," she said, some of them her former pupils when she was supply teacher at the school.

Longenecker, a senior this year, was found 40 feet from the truck; Vincent, a 10th grader, 20 feet away.

Injured were Frederick Taylor, Marion Hollis and Herbert Crane, all 14; Barry Comerford, 15; and Herman Crane, 12.

The survivors told officers Longenecker was driving.

City to ask bids for Hill pool

Bids for construction of a swimming pool and playground in the Hill section of Augusta will be sought by the city government in October.

The project, to be located near the intersection of Wheeless and Wrightsboro Rds., will be financed with a portion of the money paid the city by Sears for a four-acre sector of Allen Park.

ministerial posts or were given such posts shortly thereafter.

Strangely enough though the Democrats lost in 1952 it was the year that produced the largest number of contributions to the Democratic Party fund from ambassadors and ministers.

ALL THIS agitation has arisen because Max Gluck, Ambassador to Ceylon, who contributed $28,000 to the Republican campaign fund, was given a rough ride by the Democrats on the Senate Foreign Relations Committee. He couldn't pronounce the name of the Ceylonese prime minister. There is some talk now of questioning the right of any senators to become members of the foreign relations committee unless they, too, can pass an examination in spelling and pronunciation.

One of the first items on the examination paper will be names like that of the new Turkish ambassador to the United States —Fuat Hayri Urguplu.

Sun storms

CAPRI, Italy, Sept. 3 (AP)—Scientists at a Swedish observatory on Capri said there was a series of brilliant explosions on the sun today. As a result, they said, there will be magnetic storms of notable force tomorrow and Thursday. They could sharply disrupt radio communications over the world.

WORMS MAY BE A FAMILY AFFAIR

Fidgeting, nose-picking and a tormenting rectal itch are often telltale signs of Pin-Worms or Round-Worms . . . ugly parasites that medical experts say infest one out of every three persons enrolled. Entire families may be victims and not know it.

To get rid of Worms, these pests must not only be killed, but killed in the intestines where they live and multiply. That's exactly what Jayne's tablets do . . . and here's how they do it:

First—a scientific coating carries the tablets into the bowels before they dissolve. Then—Jayne's modern, medically-approved ingredients go right to work—kill Worms quickly and easily.

Don't take chances with this dangerous, highly contagious condition. At the first sign of Pin-Worms or Round-Worms, ask your druggist for Jayne's P-W or R-W . . . the small, easy-to-take tablets perfected by famous Dr. D. Jayne & Son and their associates, specialists in worm remedies for over 100 years.

JAYNE'S
P-W for Pin-Worms
R-W for Round-Worms

AUGUSTAN ELECTED—Colquitt Clark, general secretary of the Augusta YMCA, has been elected president of the Southern Regional Section of the General Secretaries of the YMCA. His area embraces the 10 Southeastern states. Clark just completed a record training course at Blue Ridge, N.C., Where his election took place.

CD workshop

A Civil Defense Warden Workshop has been scheduled Sept. 18 in City Hall. Frederick Bellinger, survival project director for the Georgia Civil Defense Dept. will speak, according to Mrs. G. W. Freiberg, CD director in Richmond County.

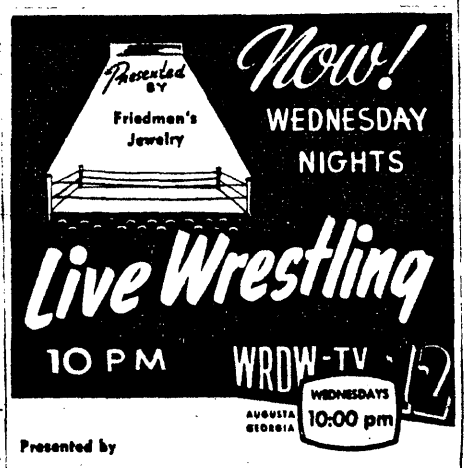
Russell, West to speak here

Sen. Richard B. Russell and Ben West, mayor of Nashville, Tenn., are scheduled to address the annual convention of Georgia's Municipal Assn. beginning here at the Bon Air Hotel Oct. 15.

Mayor Hugh L. Hamilton of Augusta, a director of the state group, will make arrangements for the convention.

He will be aided by Elmer George, new executive secretary of the association.

West is president of the American Municipal Assn.



Presented by

Friedman's Jewelry

U.S. will see Jap vocalist

TOKYO, Sept. 3 (INS)—Michiko Hammamura, Tokyo's "Calypso Girl" and the hottest thing to hit Japan since the Atom Bomb, is scheduled to fly to the United States Sept. 9 to appear on the CBS program "Big Record."

Hay Fever Patients now open Nose-Sinus Zone with New Tablet Invention

Clear, free breathing restored in minutes as congested nasal zone is de-congested—where drops, sprays, inhalers often don't reach

Chicago, Ill. (Special) Observers here are hailing a remarkable new advance against the most unrelenting misery of hay fever—congestion in the nose-sinus zone.

A way has been found to de-congest this congestion. This is the central fact which has aroused so much interest on the part of hay fever sufferers who have never found satisfactory relief from other medications.

Up to now, nose drops, eye drops, inhalers, sprays and antihistamines have given some measure of relief. But today you can expect much more complete comfort. This new compound reaches *all the congested nasal areas* from all sides, through the blood stream. It opens stuffed-up, blocked nasal passages. Free breathing is restored in minutes. Stops unpleasant sneezing; watery, itching eyes are cleared.

New Tablet Invention

It took a new kind of tablet—in fact a unique *three layer* tablet invention—to combine the special ingredients which make this formula so amazingly effective. Among them is a new decongestant substance so effective it has become the single ingredient most prescribed by doctors for relief of congestion in the nose-sinus area.

Available without Prescription

Now available without prescription, this new tablet invention is called Dristan®. Its unique combination of ingredients—(1) opens up blocked breathing, (2) stops unpleasant sneezing, (3) clears red, watery, itching eyes. At the same time, Dristan helps the body meet the great demands put upon it by the stress and strain of hay fever, and bolsters the body's resistance to infection.

Hay fever sufferers who want faster, more complete relief than they have ever before obtained are notified that Dristan Decongestant Tablets are now available without prescription. 98¢ at all drug stores.

"NEWSPAPERS SELL"

This is the **EDSEL**

"Today a remarkable new automobile joins the Ford family of fine cars"

There has never been a car like the Edsel. It is a magnificent automobile. Behind it lie all the resources of Ford Motor Company, all of the experience and all of the engineering skill. The results:

The Edsel is powered by the newest V-8 engines in the industry—the Edsel 400 and the Edsel 475. Specifications: 400 and 475 foot-pounds of torque; 303 and 345 horsepower; 361 and 410 cubic inches of displacement; 10.5 to 1 compression ratio. You have never handled an automobile with this kind of power before.

The Edsel's big, safer brakes do not need periodic tightening. They adjust themselves automatically in the course of your day-to-day driving.

The Edsel shifts itself. With exclusive Teletouch Drive, you just touch a button on the steering wheel hub. Teletouch Drive does the rest—smoothly, surely, *electrically.*

The Edsel's list of available new features is long. Examples: contour seats; a dial that lets you select temperature, quantity and direction of air with one twist of the wrist; a warning light that flashes when you exceed your pre-set speed limit; another that flashes when oil is one quart low; a release that enables you to open the luggage compartment from the driver's seat.

You will find there are many things that make the Edsel different from any other car you have ever driven. More exciting, more sure, more safe.

What does an Edsel cost? Prices range from just above the lowest to just below the highest. *You can afford an Edsel.* And you can choose from four series, 18 models.

Stop in soon at your Edsel Dealer to see and drive the newest car in the world: *the Edsel.*

EDSEL DIVISION • FORD MOTOR COMPANY

Now you can see and drive the **EDSEL**

The Edsel's distinction is easily seen in the classic vertical grille, the low, wide flight deck, the elegant lines of the cars shown here. Above: Edsel Corsair 2-door Hardtop. Below: (left) Edsel Citation 4-door Hardtop; (right) Edsel Pacer Convertible
