**Jap Wife Greets Stork at Home**  
Winchester, Sept. 3 (U)—Tomiko Japanese girl who married Army Sgt. James Hubbard three years ago—has presented him a second child, a daughter, in an atmosphere of frenzied excitement.

Tomiko came downstairs yesterday in the house where she lives with her sister-in-law and suggested an early ride to the hospital was in order. A sister-in-law picked up the phone to call Sgt. Hubbard at Fort Dix, N. J., to come home. Then Tomiko advised there would be no time for rides, or phone calls or anything else because the stork was coming in for a landing ahead of schedule.

With a brother-in-law telephoning and sister-in-law and Tomiko's mother-in-law grappling with

the situation first-hand, a doctor, sergeant that son, Jimmy, Jr., an ambulance and a police officer now had a baby sister.

"I'm pleased to have the opportunity of selling the most remarkable car in the country today—the EDSEL."

H. W. YOUNG

You are invited to see and drive the **EDSEL** on Wednesday, September 4, at **YOUNG MOTOR CO., INC.** 510 MAIN STREET (Corner Broad St.) TEL. RE-6-1769

There never has been a car like the Edsel. Behind it lie all of the resources of Ford Motor Company, all of the experience, all of the engineering skill. Behind the Edsel, too, is the finest group of dealers any new car has ever had. Their facilities are as new in concept as the Edsel itself. One example: service departments built around a completely new idea in car care—Edsel Green Light Service. In getting ready to serve you, Edsel Dealers have matched the quarter-billion-dollar investment of the Ford Motor Company in the Edsel. Why have these men invested so much in a car you haven't seen? The answer is this: they have seen it, they have driven it. They know that you will find many things that make the Edsel different from any car you have ever driven. More exciting, more sure, more safe.
