GEORGIA TRIMS TULANE 12-6; TIGERS WHIP AUBURN 19-6

Georgia's Siege Guns Score Against Greenies; L. S. U. Power and Alertness Defeat Auburn

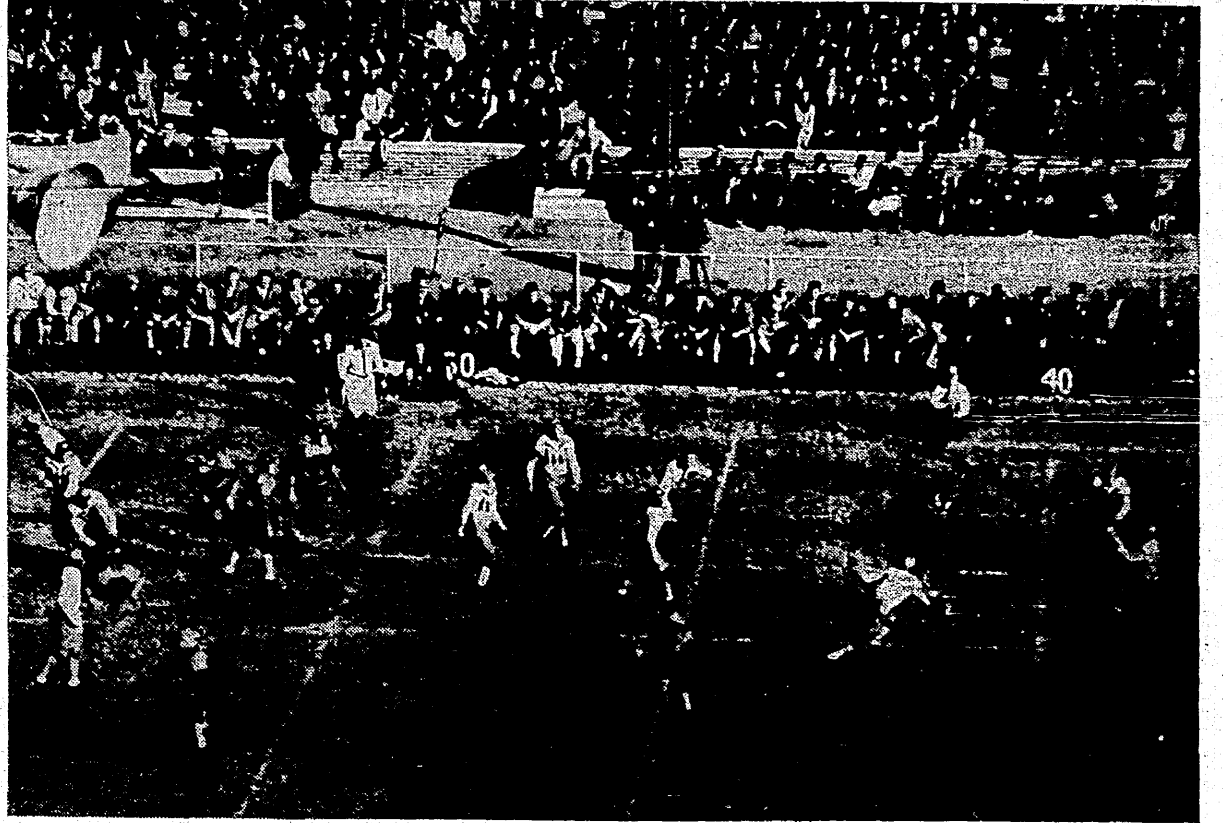

Photo at Left by The Associated Press; Photo at Right by The Times-Picayune. Snaring a 38-yard pass in the second quarter of the Tulane-Georgia football game Saturday, Left Halfback Anderson of the Bulldogs, left photo, began a run which carried him clear across the Greenies' goal line for the first score of the game, which ended in a 12-6 victory for Georgia. "Dub" Mattis, Tulane halfback, tried vainly to bring Anderson down. Bryan is shown too far away to stop the tally. At the right, the alertness which, aided by the power of the Louisiana State university Tigers, helped them defeat Auburn Saturday at Birmingham, Ala., 19-6, is shown as Morton, Tiger halfback, intercepts an Auburn pass in the first quarter of the game. Morton returned the ball, the flight of which is indicated by the arrow, 12 yards before he was downed.

REBELS REPORTED ENTERING BESIEGED CAPITAL OF SPAIN

Fascists Declared in Edge of Madrid After Bombardment from Air Costing 53 Lives

(By The Associated Press) Unconfirmed and unofficial reports said Spanish Fascist troops entered the edge of besieged Madrid Saturday after insurgent airmen killed 53 persons in a bombardment of the city.

The report received by a correspondent with the Fascist troops outside the capital said the attackers forded the shallow Manzanares river between the Toledo and Princessa bridges, south of the city, after a lull in government artillery fire in that section.

A dispatch from Madrid, where censorship is strict, made no mention of any entry into the capital but said the so-called "international legion"—a body of foreigners fighting for the government—repulsed an attempt by Fascists to invade the city by crossing the Los Franceses railroad bridge over the Manzanares.

Madrid's defenders withdrew from some positions to the south as a matter of "prudence," the government radio said, however.

2000 Ambushed The Madrid dispatch added the right flank of the insurgent army south of Madrid was reported threatened by the advance of a government column northward from Aranjuez.

Two thousand government militiamen were ambushed in an olive

CHEST GIFTS LEAD 1935 PERIOD BUT DRIVE TOTAL LAGS

Only 42.9 Per Cent of Goal Raised; Increased Donations Urged

Donations to the Community Chest at the close of the first week of the 1937 campaign exceeded by \$50,000 the amount subscribed during the first week of the 1936 campaign. It was announced Saturday by John X. Wegmann, campaign chairman.

However, the campaign total at present is \$15,000 less than it was two years ago, Mr. Wegmann said, in warning workers against undue elation.

"We have covered more ground than had been covered a year ago," Mr. Wegmann said. "But this does not mean that we have a net increase in 1937 Chest pledges totaling \$50,000."

Projects at Stake

"The analysis of campaign results to date indicates the urgent necessity for increased pledges in each of the campaign divisions except social agencies, which already has gone over the top with a 77 per cent increase over last year. Otherwise it will not be possible to finance welfare projects urgently needed for

BOARD ADVOCATES CLEMENCY FOR 99 LOUISIANA FELONS

Mercy List Longest in Years; Leche to Act on Recommendations

Nearly 100 Louisiana convicts and former convicts, said by the secretary of the state board of pardons to be the greatest number aided at any single session in recent years, received clemency recommendations in some form as the result of October actions made public by the board Saturday in New Orleans.

The recommendations were dispatched Saturday to Governor Richard W. Leche at Baton Rouge; and if he approves them, out of 411 persons who submitted application, 28 by the end of the year will receive full pardons and, in most instances, restoration of citizenship; 27, commutation of sentences to time already served; 34, commutation to shorter sentences than those imposed by trial courts, and 16, restoration of citizenship "on proof that applicant enjoyed an excellent record prior to his conviction and, in view of his good record in prison and since his discharge."

Laurence A. Sauer, secretary of the board, said several factors contributed to the length of the clemency list. The number of applications itself set a record, he said, because the board had not held a session since 1934.

Today

Too Many Apologies Hope for Untouchables Seven Hundred Books More Planes for England

By Arthur Brisbane

General Markham, chief army engineer, advises putting an air base in the harbor of our Midway Island, far away in the Pacific ocean. The war department says, apologetically, that this would be a commercially development, although it might be useful for defense.

Why an apology? Nobody in Europe, Asia or Africa apologizes to us for building an air base, or asks our opinion about it.

The war department says there is no treaty obligation forbidding such an air base. If there were, what of it? Treaties can be cancelled, and should be when they are foolish or unjust—for further details, ask Hitler.

Even in India, where the word "liberty" was not printed in any dialect during 5000 years, public opinion has some effect. The Maharajah of Travancore, 21 years old, young enough to read newspapers, is a good Hindu, but discovers that the caste system with its oppression of the millions of "untouchables" can be overdone. His announcement that starts India's old gods reads: "We have decided, and hereby declare, ordain and command" and goes on to announce that all Hindus, regardless of birth, shall be admitted to the temples, whence the miserable

Franklin D. Roosevelt, Jr., Will Marry Ethel Du Pont During Latter Part of June

CLARK HOWELL, SR., RENOWNED EDITOR, DIES AT ATLANTA

Succumbs After Long Illness; Funeral to Be Held Today

(By The Associated Press) Atlanta, Ga., Nov. 14.—A two-month illness claimed the life today of Clark Howell, Sr., editor and president of the Atlanta Constitution and Democratic national committeeman for Georgia.

The 73-year-old publisher, a close friend of President Roosevelt, died at 6:15 a. m. (Central Standard time), at his North Side residence after two operations failed to correct an intestinal ailment.

He was an early supporter of Mr. Roosevelt for president and was long identified in state and national politics. Only last June he returned to the state's Democratic committee post which he had held from 1896 to 1924.

Upon resuming this important party assignment Howell succeeded Governor Eugene Talmadge. He had supported Talmadge in every race he ran for state office but broke with

Engagement Announced by Family of Bride-to-Be; President's Son Is Guest at Wilmington

(By The Associated Press) Wilmington, Del., Nov. 14.—Mr. and Mrs. Eugene Du Pont announced tonight the engagement of their daughter, Miss Ethel Du Pont, to Franklin D. Roosevelt, Jr., son of President and Mrs. Roosevelt. The wedding will take place the latter part of June.

Miss Du Pont is the eldest of the four children of Mr. and Mrs. Du Pont of Greenville, Del. Du Pont is a member of the board of E. I. Du Pont de Nemours and Company.

She is a niece of Lamont Du Pont, president of the company; Pierre S. Du Pont, chairman of the board, and Irene Du Pont, a member of the board.

After her early education at the Tower Hill school, Wilmington, Miss Du Pont attended the Ethel Walker school in Simsbury, Conn. Indications of her friendship with young Roosevelt became apparent in 1934 because of his frequent visits to the Walker school while a freshman at Harvard.

Miss Du Pont, 21 years old, blond and of medium height, is an ardent horsewoman and skillful swimmer, and at one time took instruction in flying. Last summer, with her pa-

HEMINGWAY STOPS IN CITY ON WAY TO KEY WEST, FLA.

Famous Author Denies Charge He Has Become 'Soft'

(By Austin Boyce) Ernest Hemingway, salty fellow who is famous as an American novelist, short story writer and hymner of the "lost generation," came into town Saturday with one of his three sons, nearly won a prize in a shooting gallery and went to see "The Charge of the Light Brigade."

Mr. Hemingway, pretty well pleased at having forgotten the lost generation of war-dazed, empty-souled young men and women, is well concerned now with bringing up a new one. With him was Patrick Hemingway, 6 years old, anxious to get on to Key West, Fla., to meet his brothers, John and Gregory.

They got here Saturday morning from Montana, where the writer shot three grizzly bears and worked on a novel now three-quarters finished. He will end it in Key West, where he has a house and fishes. Mr. Hemingway will keep on fishing, but will stop writing his magazine fish stories for six months while he finishes his novel.

Unlike his last two books, "Death in the Afternoon" and "Green Hills of Africa," the next one will have an American setting. There will be one episode in Cuba, but most of the action will take place in the United States. No title has been chosen yet.

Hemingway drove from Montana with his wife and Patrick to Pig-gott, Ark., where her parents live. She stayed there and Ernest and Pat drove on to New Orleans, stopping at the Monteleone hotel. He will rejoin them at Key West in 10 days.

FIGHTING BULLDOGS SPOIL HOMECOMING; BENGALS INVINCIBLE

Great Line Play Carries Louisiana Tigers to Victory in Thrilling Gridiron Battle

(By Wm. McG. Keefe) (The Times-Picayune Sports Editor) Birmingham, Ala., Nov. 14.—Great line play, with Gaynell Tinsley, Marvin Stewart and Wardell Leisk doing just a bit better than their hard playing mates, carried the Louisiana Tigers to a 19-to-6 victory over Auburn in a spectacular and thrilling game here this afternoon, a crowd of 23,000 turning out for what Birmingham fans will remember as a football treat. For, besides the ball game, there was the monster pregame and between-halves show put on by the 4000 L. S. U. students and band who came from Baton Rouge for the battle.

Going into the last minute of play, L. S. U. had the Plainsmen on the blank side of the 19-to-0 score. But Auburn, desperate, launched an air attack in which Bobbie Blake starred as the passer, completed one pass for 22 yards and then another for 26 yards to put the ball on L. S. U.'s 2-yard line, from where Blake, on fourth down, skirted end to score the touchdown.

First Period Scoreless

After a scoreless first period, in which the only dangerous thrust by either team was an attempt at a field goal by Auburn when Sam McCroskey missed a place kick from the 28-yard line, the Tigers warmed up and took a six-point lead when Bill Crass and Pinkey Rohm registered 38 yards on four plays to take the ball to Auburn's two-yard line early in the second period.

"Rock" Reed plunged over with it from the half-yard line and Crass missed the place kick.

The Tigers worked the ball down to the six-yard line a few minutes later, but the Plainsmen, with their great center, Walter Gilbert, and

Wearers of Green Lack Fine Punch That Brought Success Earlier in Season Over Strongest Foes

(By Harry Martinez) Tulane's Greenies bowed in defeat before a fighting Georgia team yesterday afternoon at Tulane Stadium by a score of 12 to 6 that spoiled the homecoming of the old grads. They came to see the Green Wave rebound after a defeat a week ago by Alabama, but instead wearers of the Green lacked their fine punch which carried them through such success early in the season.

Perhaps the Greenies did not have time to recover from that "Bama defeat," but in justice to Harry Mehre's Georgia team, it must be admitted that the boys from Athens have shown a vast improvement since their humiliating defeat earlier in the season by L. S. U. The Georgia line, particularly the middle, with Lumpkin at center and Julius Hall at guard, resembled a stone wall whenever an attempt was made to gain through that sector.

Tulane's Offense Stopped

Georgia stopped Tulane's offense to a walk. The Greenies made only one first down in the first two periods and that on a 15-yard end run by Bucky Bryan on the last play of the half.

However, Bryan supplied the greatest thrill of the afternoon for the crowd of 15,000 spectators when he raced 80 yards to Tulane's only touchdown in the third quarter.

Tulane had just come into possession of the ball on her 20-yard stripe after a kick over the goal line. Bryan, on the first play, started off right tackle, and once by the line of scrimmage he made a brilliant run down the field with Normal Hall in front of him to take care of any Georgia man who might attempt to bring Bucky down. Bryan eluded

Doll Fund Needs Aid to Remember Forgotten Children at Christmas

The Forgotten Child! Here is a story far more touching and of deeper significance than that of the forgotten man. The wounds of a child's broken heart are deeper and, therefore, take longer to heal than that of a grownup. Sometimes they never heal.

In just a few weeks old Santa Claus will weave a trail of happiness through this city of 500,000 persons. But it will be impossible for him to visit every friend. As a result there will be a trail of heartaches and crushed spirits unless—The Times-Picayune Doll and Toy Fund and Christmas Doll Fund are replenished.

Both funds are quite barren at present, but every time a nickel or dime or a quarter or a dollar is dropped in, it means happiness for some child.

Every Gift Helps

A small contribution will aid in preventing tragedy at Christmas time, which should be the happiest time for all youngsters.

Each year there are thousands of children here that are dependent upon The Times-Picayune Doll and

Toy Fund and the Christmas Gift Fund for their toys. This year is no exception. Therefore, every little contribution will help swell the chest of a worthy cause.

Some of the contributions come from children of well-to-do parents who receive all the toys and gifts that they desire. Last year a debutante took a portion of her money that she intended to spend on a party and donated it to the Doll and Toy Fund.

In another instance, a young man who was a recipient of the Doll and Toy Fund several years before, sent a contribution to the same fund. "I will reimburse what empty stockings mean," he said in a note accompanying the contribution.

Beam With Delight

There are parents of thousands of children here who are able to give their children the bare necessities of life, but after these are paid for there is not a penny left in the household to purchase bright new toys like neighboring children will have on Christmas morning.

On last Christmas morning several

Leaders to Study Fate of 'Moses' at Monday Meet

Probation Officer to Talk With Welfare Aids; Baby 'Fine'

J. Monroe Simmons, probation officer for St. Tammany parish, announced Saturday that he will confer with parish welfare authorities Monday concerning the disposition of an infant claimed by Mrs. Louis E. Crawford of the Pearl River settlement as her own child.

Mrs. Crawford, who said at first she had snatched the baby from the jaws of a dog who emerged from the woods near her home, asserted, after the child had been brought to Charity hospital here at the instance of the welfare workers, that he was her own and that she wanted him back. Medical examination confirmed her statement that she had recently become a mother.

The baby himself "is getting along just fine," Charity hospital physicians said Saturday. A cold from which he suffered when he first was placed in the hospital was pronounced on the wane; he was said to be running no temperature and there were no indications, the doctors stated, of pneumonia.

The WEEKLY WASHINGTON

MERRY GO ROUND

TRADE MARK REGISTERED

By Drew Pearson and Robert S. Allen

(Authors of "Washington Merry-Go-Round" and "New Merry-Go-Round")

Washington, Nov. 14.—When the president goes aboard the cruiser Indianapolis at Charleston, bound for Buenos Aires, he will occupy the suite of the vice-admiral, a two-cabin suite on the forecastle deck. As a flagship—the No. 1 ship of the navy's scouting fleet—the Indianapolis has quarters not only for her commanding officer, but also "flag quarters" for the admiral of the fleet and his staff.

There is a bedroom forward, with windows looking out over the gun turrets, and a day cabin which serves as combined lounge and dining room. The president will have the vice-admiral's mess, and will drink his morning coffee from a cup marked with three stars, the insignia of the vice-admiral.

His entire "gear," from knives and spoons to sheets and pillow cases, will be the gear of the vice-admiral. The vice-admiral and his staff are on the West coast, and while the Indianapolis was in dry-dock at Norfolk, the flag of the fleet passed temporarily to another ship.

Few Changes

The navy emphasizes the fact that no special arrangements are being made for the president. That is true in the sense that no alterations in the cruiser will be made, such as the installation of an elevator to give him access to more than one deck. The elevator had been previously installed.

But the president's comfort will
