A Compendious Dictionary

OF THE ENGLISH LANGUAGE;

In which five thousand words are added to the number found in the best English Compendis; among which are the terms used in the *New Chemistry*, with numerous words introduced within a few years, into other branches of Natural History: The false orthography of some words is corrected—the pronunciation is marked with an accent or other suitable direction; and the definition of many words amended and improved. To which is added, for the use of the *Merchant*, the *Classical Student*, the *Seaman* and the *Traveller*,

1. A TABLE of the monies of the principal Commercial Countries, with the value of each in sterling and cents, and the fractions expressed in decimals.

2. Measures of length, used in the United States and Great Britain.

3. Wine and Beer Measures, used in the same countries.

4. Troy and Avordupois Weights.

5. Ancient Weights, used by the Jews, Greeks and Romans, reduced to English troy weight.

6. Measures of length, used by the Jews, Greeks and Romans, reduced to English measure.

7. The proportion between the weights used in the chief cities of Europe.

8. The Long Measures used in most of the countries of Europe, reduced to English measures.

9. The New French Weights and Measures.

10. The months used by the Jews and Greeks.

11. The Roman Calendar, for the readers of Roman history.

12. An official list of post towns in the United States, with the State and county in which each is situated, and its distance from the seat of government.

13. The number of inhabitants in the United States by the census of 1790 and that of 1800.

14. The exports of the United States and of each State, from 1791 to 1804, inclusive.

15. A Chronological Table of remarkable events on the Eastern Continent, from the creation of the world, to the last and greatest naval action on record.

16. A Chronological Account of Inventions, Discoveries and Improvements.

17. A Chronological Table of the most important events in and respecting America, from its first discovery to the present time.

These Tables are all new, and compiled with great labor and minute attention to correctness. The Table of events in America contains the outlines of American History. The whole, calculated for the use of *Families*, *Semaries of Learning*, and the *Counting House*; and particularly convenient for the *Student*, the *Seaman* and the *Traveller*.
